OFFICE STAFF AND REPORTING

ABSENCES

Due to a change in office staff, we are trying to narrow down the amount of phone calls received during peak times. To report a child's absence you can now fill a form in online and return this by 9:30am.

If a form is not received or the reasons for absence are vague you will then receive a phone call from Jade.

<https://www.kingsfoldprimary.com/parents/report-an-absence>

Please can all children travelling to and from school on bikes or scooters have a helmet on? There have been a few instances where children have been spotted looking unsafe and the last thing we'd want is a child to get injured.

Attendance Scheme

I have given out 71 raffle tickets to the children with 96% attendance or above for autumn half term.

Please could you write their name on this and send it back to school to go in the draw?

The autumn draw will be drawn at the end of the next half-term.

New Curriculum

Our new curriculum is now half a term in. I personally have seen some wonderful topic work in geography, art with lots of computing opportunities. I hope the work you are seeing on Seesaw is allowing you as parents and carers to see just how engaging this new way of working is.

I would like to thank the staff who worked extremely hard to plan a curriculum to engage the children of Kingsfold whilst challenging them to learn new knowledge and skills.
