COVID19 SYMPTOMS

If you have any of the main symptoms of coronavirus (COVID-19), get a test as soon as possible.

Stay at home until you get the result along with anyone in your household.

Main symptoms

The main symptoms of coronavirus are:

- **a high temperature** – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)
- **a new, continuous cough** – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)
- **a loss or change to your sense of smell or taste** – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal.

Most people with coronavirus have at least 1 of these symptoms.

Face coverings encouraged.
Please keep 6 ft apart.

Non-medical masks, bandanas, scarves, and cloth can be used.

Anti-Bullying Ambassadors

Well done to our year 5 and 6 anti-bullying ambassadors.

Their next task is to produce some work for each year group to promote friendships and to remind children about what bullying is and how we can deal with this as a school.

Parent Governor Vacancy

Please keep an eye out for a letter coming home, next week, with regards to standing to be a parent governor at school. This is a great opportunity to provide support to help the school develop and move forward.
