Leaving

Mrs Roberts

We say a sad farewell to Mrs Roberts on Friday 12th May. I would like to take this opportunity to thank her for the work she

has completed across the school and wish her well for her future endeavours.

We will be interviewing for the post to ensure we have the best candidate to take over the teaching of P.S.E, R.E and French.

Jade

Jade will be leaving at the end of the Summer term to seek new adventures. I am sure many of the families who have had support previously or are currently having support will agree this has been invaluable.

We will be advertising for the post and seeking the best person for Jade to hand-over to during the next term to ensure the support continues.

I am sure you will join me in wishing her the best in her future ventures.

Annual Attendance

Reception—93%

Year 1&2—94%

Year 3&4—96%

Year 5—94%

Year 6—93%

Whole school—94%

National attendance for this year is 92.4%. Well done Kingsfold

28.6.2023	Outdoor learning day
21.7.2023	Break up at 2pm

Parents' Evening
4th May 2023

How to spot head lice

The only way to be sure someone has head lice is to find a live louse by combing their hair with a special fine-toothed comb. This is called detection combing.

You can get a free comb from the school office. Combs with flat-faced teeth spaced 0.2 to 0.3mm apart are best for removing head lice, although combs with smaller gaps can be used to remove eggs and nits (egg cases) after treatment.

Detection combing can be carried out on dry or wet hair. Dry combing takes less time, but wet combing is more accurate because washing with conditioner stops head lice from moving.

How to get rid of head lice and nits

Treatments to get rid of head lice are available to buy from pharmacies, supermarkets and online.

The main treatments are:

- lotions and sprays
 - wet combing
- Everyone with head lice in your household should be treated on the same day.

If a treatment doesn't work the first time, you can:

- try it again
- try a different treatment
- get advice from your school nurse, health visitor, pharmacist or GP
